Goals

SHORT TERM GOALS

- **OUTREACH**
Outreaching to young people about the concepts and ideas

MID TERM GOALS

- **KNOWLEDGE BUILDING**
Developing and spreading awareness at community level
- **EDUCATION MATERIALS**
Implementing green education in schools

LONG TERM GOALS

- **MARKET LINKAGE**
Bridging the gaps of circular economic system
- **POLICY RECOMMENDATION**
A cohesive policy to ensure sustainable system
- **YOUTH NETWORK**
Forming a youth alliance to reach out to larger mass

नेपाल र नेपालमा हेम्प उत्पादन

नेपालमा स्वदेशी उत्पादनको माग बढ्दा नेपाली हेम्प प्रडक्ट प्रतिको आकर्षण पनि बढ्दो छ। “नेपालमा बनेको” लेखेका सामानको माग नेपालदेखि विदेशसम्म रहेको छ। जहाँ अन्य देशहरू जस्तै अमेरिका, बेलायत, चाईना आदिमा गाजा उत्पादन गर्न बढि मेहेनत लागिरहदा नेपालमा छ्याप-छ्यापि पाइने गाजाको हागाबाट बने उत्पादनहरू जस्तै झोला, जुत्ता, लुगा इत्यादि बनाउने तथा विदेश निर्यात गर्न सकिने हो भने धेरै नेपालीको आर्थिक स्तर बढ्नुका साथै नेपालकै आर्थिक स्थिति बढ्ने पक्का छ। यो पुरानो पद्धति भएता पनि दिगो र उर्जाकुशल भएकाले पुनः लोकप्रियता कमाउने क्रममा छ। यसले दिगो बिकाशका साथसाथै स्थानिय आर्थिक त्रिद्धिमा पनि उत्तिकै टेवा पुर्‍याउने भएकाले यसलाइ एक वातावरण मैत्रि मुख्य आमदानिको स्रोतको रुपमा बिकास गर्न सकिन्छ।

लोकप्रियता कमाउने क्रममा छ। यसले दिगो बिकाशका साथसाथै स्थानिय आर्थिक त्रिद्धिमा पनि उत्तिकै टेवा पुर्‍याउने

यो पुरानो पद्धति भएता पनि दिगो र उर्जाकुशल भएकाले पुनः
